

GREEN
area is the
footprint of
the blister
and is highly
recommended
to be white for
blister adhesion

Packaging Design Tips:

- Place the name of the product somewhere on the packaging **“Webcam Cover”**.
- Include somewhere on packaging steps 1-4 installation:
 1. Swivel peep open to expose hole
 2. Remove adhesive tab
 3. Align peep hole over camera lens
 4. Press firmly
 5. Swivel closed
- Packaging can be portrait or landscape however this portrait configuration works best for shipping.
- Package will need a place to blister the product as seen above. Blister will adhere to white paper better than ink saturated paper.

Please do not add crop marks or printer marks
all art needs to be at least 300 dpi

← BLUE LINE IS THE SAFETY LINE - 4.75"x6.75" →

← RED LINE IS THE CUT LINE - 5"x7" →

← BEYOND THE RED LINE IS BLEED - THIS WILL BE TRIMMED OFF
5.25"x7.25" →

WARNING units placed directly on the screen could provide a pressure point if the device is dropped or slammed closed that could damage the screen
