

BAMBOO USB DATA BLOCKER

Protect Your Privacy Now!

USB DATA BLOCKER

The Problem

- » Data theft is difficult to detect and can be harmful and detrimental to the device owner.
- » Every device that is charged via USB cable is vulnerable.

Our Solution

- » Charging with a secure data blocker removes the threat of juice jacking and data theft.

How it Works

- » Data Blockers are a small but powerful adapter that allow devices to charge but prevent data transmission.
- » Charge your phone faster with the Quick Charge Data Blocker

How to Use:

- » Insert Data Blocker into any USB port
- » Insert USB cable into Data Blocker
- » Plug device into USB cable

Complete Data Security

Perfect for: Laptops, Desktops, Phones, Cars, Traveling and more!
