

## Packaging Design Tips:

- Place the name of the product somewhere on the packaging  
**Mic Block**

### Installation:

Insert the Mic Block into your device's audio jack.

- Packaging can be portrait or landscape however this portrait configuration works best for shipping.
- Package will need a place to blister the product as seen above. Blister will adhere to white paper better than ink saturated paper.

Please do not add crop marks or printer marks  
all art needs to be at least 300 dpi
